

Amendments to the Specification

Please replace the Title on page 1 with the following amended Title:

[[MESSATE]] MESSAGE TRANSMITTING METHOD USING SHORT MESSAGE
SERVICE

Please replace paragraph [59] with the following new paragraph:

Referring to FIG. 3A, if the short messages produced as shown in FIG. 2C are transmitted to the receiving end, the receiving end confirms whether the transmitted messages are connected by the connection codes. At this time, the firstly transmitted message may be firstly received, and the ~~lately~~ lastly transmitted message may be firstly received. FIG. 3A shows an example that the short messages are received in the order of transmission. However, according to the present invention, it is assumed that the received short messages are combined in order according to the connection codes irrespective of the order of reception.
